

# Is it a UTI?

- ✓ Pain with urination
- ✓ Frequent or urgent urination
- ✓ Lower abdominal pain

Female volunteers are needed.

A clinical research study for a urinary tract infection may be an option for you.

You may qualify for this no-cost study if you:

- Are at least 12 years of age and not pregnant
- Have had symptoms for 3 days or less

Qualified volunteers will receive at no cost:

- Study medication for your UTI
- Study-related care from a local doctor
- Reimbursement for your travel expenses

Health insurance and doctor referrals are not required to participate.
